JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Friday - 10 October 1975

1. (Unclassified - RJK) CONSTITUENT John Allen, on the staff of Representative Robert L. F. Sikes, (D., Fla.) called to request information for a constituent about the current investigations of intelligence agencies and possible future changes in their structure. I gave him some information on this subject and promised to send him a copy of the Agency brochure to pass along to the constituent.

2. (Secret - LLM) LIAISON Called Frank Slatinshek, Chief Counsel, House Armed Services Committee, and supplied him with the points of contact at GAO familiar with the previous GAO audit of Air America and told him I would send him a fact sheet on the offer of purchase first thing Tuesday. In the meantime, Slatinshek will lay on the GAO review and contact the appropriate officials and tell them to expect a call from former Director of Security. 25X1A

3. (Internal Use Only - LLM) LIAISON Called Marian Czarnecki, Chief of Staff, House International Relations Committee, and brought him up-to-date on the requests we have had so far from House International Relations subcommittees for substantive intelligence briefings and it was agreed that we would continue to keep him posted on these requests.

Czarnecki said he would be traveling to Europe for 10 days and asked if in his absence Jack Brady, Staff Consultant, could handle the NID material. I said I was sure this was perfectly alright and would let him know if there was a problem.

4. (Unclassified - LLM) BRIEFING Called Roger Majak, Consultant, Subcommittee on International Trade & Commerce, House International Relations Committee, and told him that we would arrange for the briefing he had requested and we tentatively scheduled it from 3:30 to 5:00 p.m. on Thursday, 30 October in room H 236. Majak will confirm this after discussing it with Chairman Jonathan Bingham (D., N.Y.).
